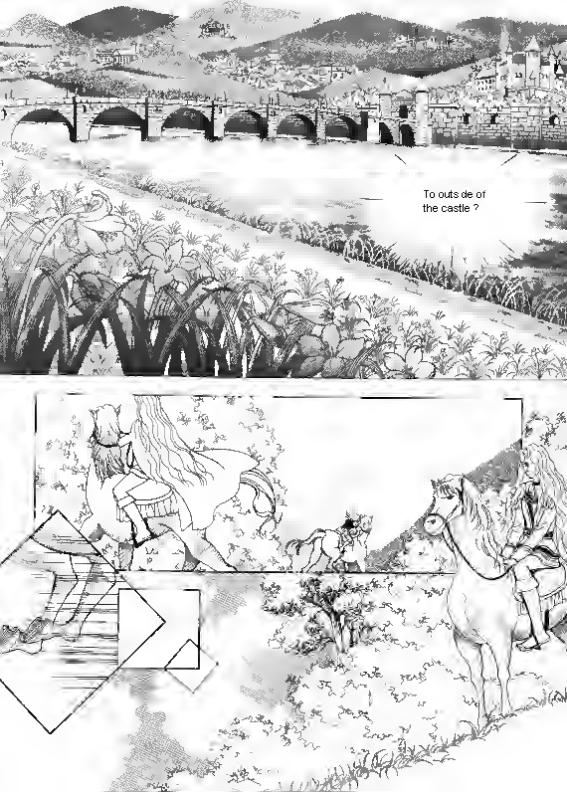
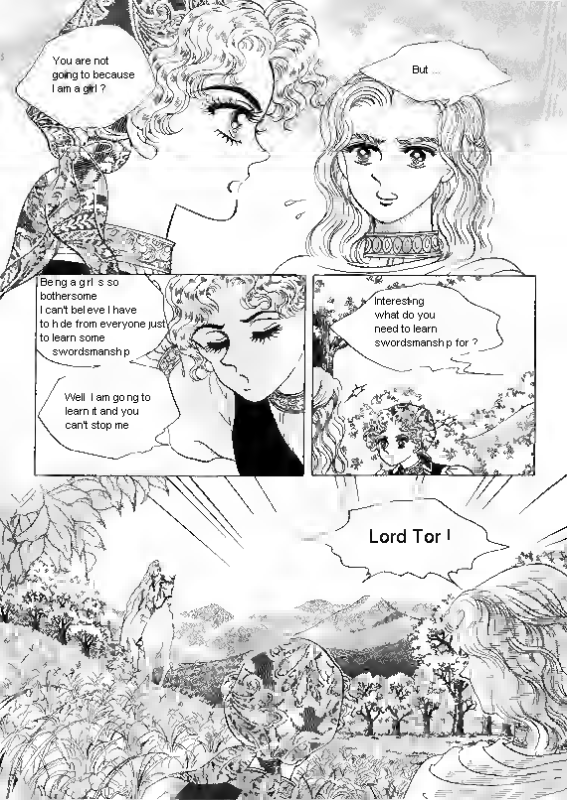
Princess



To outs de of
the castle ?

You kept your promise
I don't remember making a promise ma'am
Then why are you here?
Because you told me to come here and simply [illegible] answer
So it was like an order?
That was one suggestion as well Ms Barder
I think I told you that we were friends

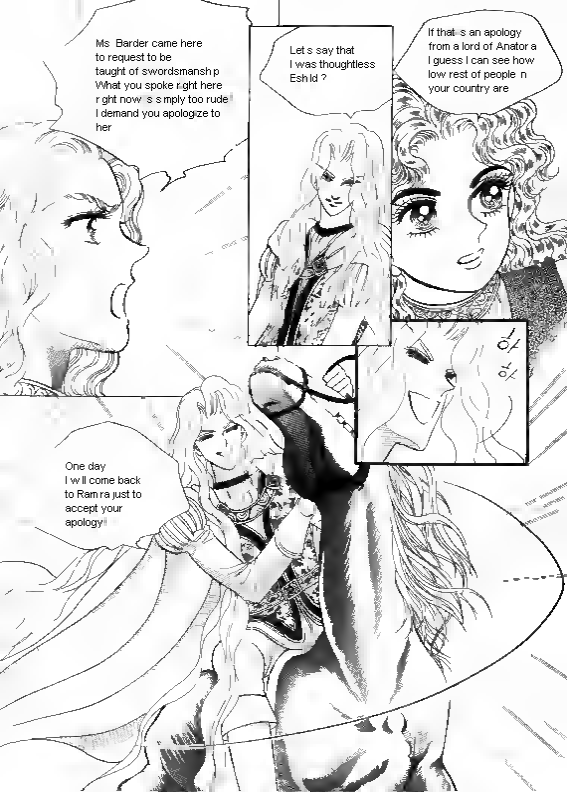
Ryan Vada
Can I call you Leo ?
You Leo can call me
Eshld n return
Call me Eshld now
Well we can do that
whle no one else
s present
You w ll be the
one who w ll
be teach ng me
So I th nk it s alr ght
Teach you
what ?
Teach me
proper swords
manish p



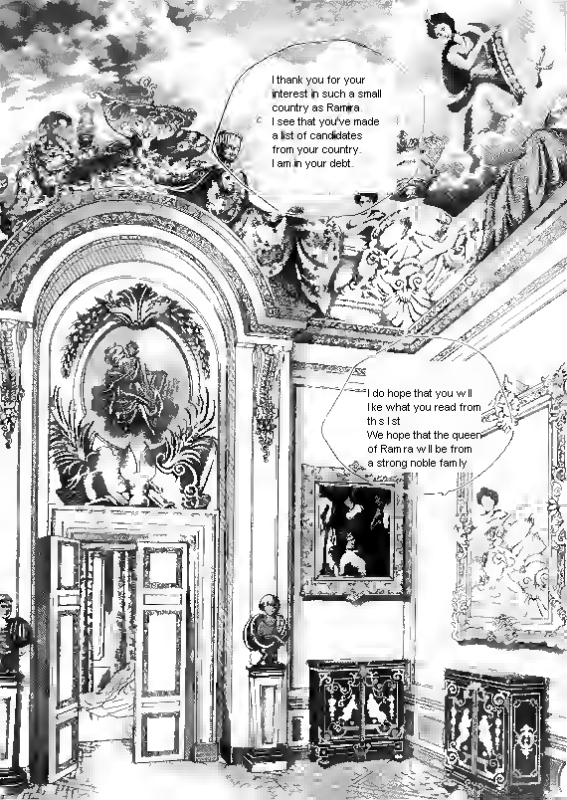
You are not going to because I am a girl ?
But ...
Being a girl is so bothersome I can't believe I have to hide from everyone just to learn some swordsmanship
Well I am going to learn it and you can't stop me
Interesting what do you need to learn swordsmanship for ?
Lord Tori

Or did you just need an excuse to meet Ryan Vaida ?
How dare you

I am sure you are on the list of candidates. I wonder why such a high class lady is secretly meeting a man whose not the prince. I wonder how your father and the king will take this news.
You are even in a disguise.
Aren't you in the similar situation, lord Tor Did you come to Ramra just to chase other women ?
You must be not hunting And you did know who I was when chasing me I may well be the princess of Ramra shortly I am sure you do know that Yet you still chose to follow me
Some may think you have something else in your mind especially the king
Something else huh
하 하
I may be thinking something else but I don't have the mind to do it
Jeannes
www.jeannes.com



Ms Barder came here to request to be taught of swordsmansh p What you spoke r ght here r ght now s s mply too rude I demand you apologize to her
Let s say that I was thoughtless Eshld ?
If that s an apology from a lord of Anator a I guess I can see how low rest of people n your country are
One day I w ll come back to Ram ra just to accept your apology!!



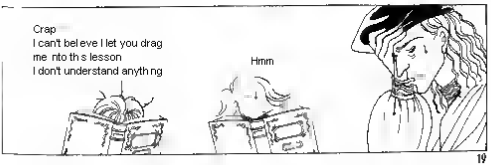
I thank you for your interest in such a small country as Ramra.
I see that you've made a list of candidates from your country.
I am in your debt.
I do hope that you will like what you read from this list.
We hope that the queen of Ramra will be from a strong noble family

A daughter from Tor will be on Anatoria's list. However, the daughter is from a mistress. Our informant say lord Tor will be marrying her mother soon. If you act fast and make your choice before lord Tor marries her mother, you can refuse Anatoria's list without any penality.
I will carefully consider.
I would like to say that our king would like to improve our relationship between two countries
Please remember that
Of course
She has been a good friend of the prince And queen Para liked her especially
Rumors say lord Barder's daughter is in your mind
What is she to you sire?

His intention is so obvious...
He has no intention to pick anyone from other countries.
Ssh . they can hear us secruity has been tightened
powerless army of Ramra
You thought so ?
Still a rat can bite
Anyway where d d you run off a moment ago ?
t looked like you were chas ng a boy

- Therefore,
radius of this
square should be
the same as this
one right here.
However -

Bryon
When does
th s end ?
Hold on
It s almost
over
S re
I do not end
my class
unt l my students
completely
understnad my
lesson
So please
bear with me



Crap
I can't bel eve I let you drag
me nto th s lesson
I don't understand anyth ng
Hmm

It seems math lesson isn't over yet. Language teacher is already here ...
Tell him to wait ...
The prince seems to be enjoying his lesson with Bii
It was uncalled for Bii hasn't studied anything in her life She wouldn't understand anything
I am afraid how the king will take this
And if other nobles find out
I am getting worried of Bii's future And I don't understand why the prince insists strating to do things he never did to Bii before

When I began to want to learn swordsmanship was when I found out that Ramira wasn't safe at all.
In fact, it wouldn't surprise me if a war starts right now.
When I was kid th s small island was my whole world When I saw the world Ram ra was a very small island country surrounded by two powerful countr es Ram ra may be r ch but s a very unstable country
It made me think ... In case of a war, I wouldn't be able to protect myself simply because I am a woman.
What my father really wanted was a son who could carry on Barder I hated the fact that I couldn't do anyth ng

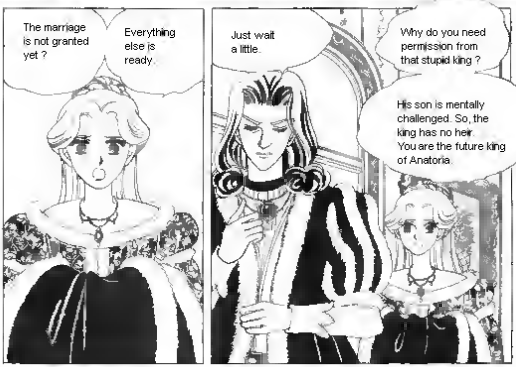
In the worst case, I am going to hold a sword and fight.
I guess I will be forced to marry in few years. But, when I must fight, I am not going to fight in a dress and step on my dress
That is why I want to learn swordsmanship from you
You seem to have a heavy mouth
And you are a son of Ramra's best general
Is my thought wrong?
No

Tor's daughter ?
Yes.
A mistress' daughter doesn't have a portrait. An artist must have spent days without sleeping to finish this in time
What to do according to ambassador Kataros
Do you trust Kataros ? He is from Skador. He will do whatever he can do to turn down Anatora
But Anatora's eyes are on Eshild. If we declare Eshild to be the princess now
Tor will send assassins

I don't understand why Katatos told you about Tor s daughter
Because if we choose Skador s daughter Anator a cannot send assass ns
Anator a wouldn't want to face Skador and Ram ra as enem es espec ally Skador
So f we act fast and choose someone from Skador before Tor marr es h s m stress. Anator a cannot complain
S re, whatever your dec s on w ll be

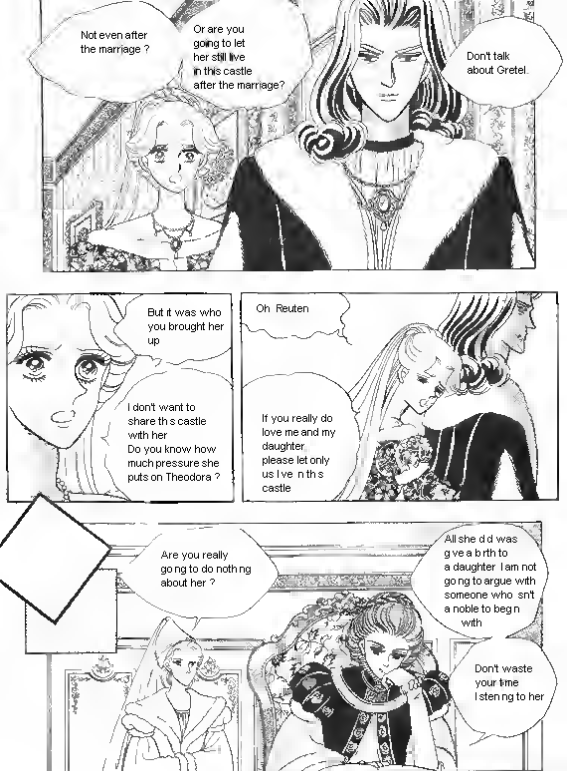
www.janimes.com

I, Leonadro Vaida, will protect the princess with my life !
I w ll not let Anatoria murder future queen of Ramra
...How sad.
Biyon's marriage will not carry love ...



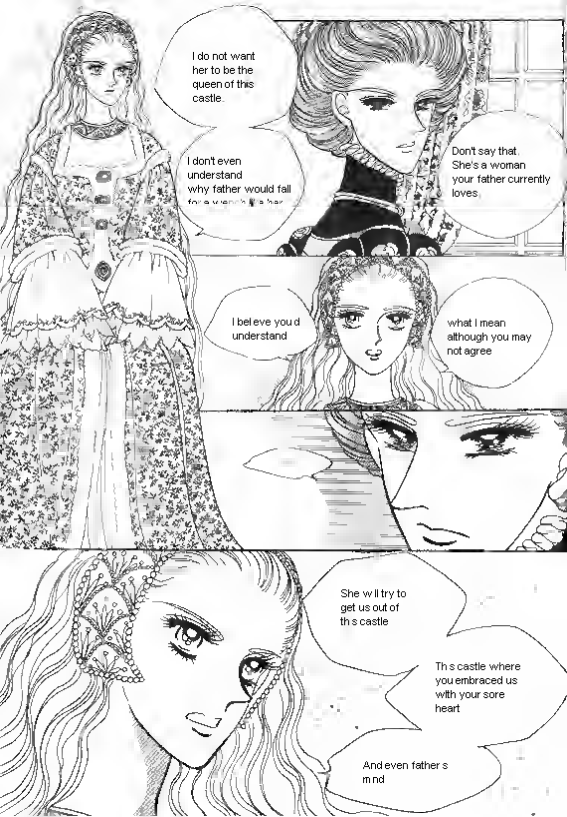
The marriage is not granted yet ?
Everything else is ready.
Just wait a little.
Why do you need permission from that stupid king ?
His son is mentally challenged. So, the king has no heir. You are the future king of Anatoria.

Aren't you the law now ?
He may only be a puppet king. but he is the king. At the same time, he is the pope. I cannot marry without the pope's permission.
If I do, I will lose my right to be the king.
Then what s talk ng so long ?
The king doesn't know about Theodora yet
My daughter is about to be sent to Ramra
Why not ?
Just wait And don't talk too loud in front of Gretel
Just for how long do I need to shut up in front of her ?



Not even after the marriage ?
Or are you going to let her still live in this castle after the marriage?
Don't talk about Gretel.
But it was who you brought her up
I don't want to share th s castle with her
Do you know how much pressure she puts on Theodora ?
Oh Reuten
If you really do love me and my daughter, please let only us l ve n th s castle
Are you really go ng to do noth ng about her ?
All she d d was g ve a b rth to a daughter I am not go ng to argue w th someone who sn't a noble to beg n w th
Don't waste your t me l sten ng to her

What if the lord tells you to leave?
He didn't tell me that even when Olivia was alive
He can't make me leave unless I leave by my own will -
It will be my decision
If he tells me to leave after listening to the mistress
No it won't happen
I don't think it's as simple as you think
Lady Hezel



I do not want her to be the queen of this castle.
I don't even understand why father would fall
Don't say that. She's a woman your father currently loves.
I believe you'd understand
what I mean although you may not agree
She will try to get us out of this castle
This castle where you embraced us with your sore heart
And even father's mind

As long as Skade is alive, you do not need to worry Hezel
It is unknown how long my brother will stay in Ramra
Besides, brother's personality is just like father's. He's very cruel.
Most certainly, he will use me for political affair.
When you are left alone in this castle how are you going to deal with the rest?
This may sound foolish
But I still have faith in Reuten

Jaimes
www.jaimes.com

She's not in her room again ?! Are you even taking care of your own child ?
You do know what kind of situation we are in !
Well... it's almost impossible to keep eyes on her all the time. And when eyes are not on her, she just vanishes. And I don't want to put her in a cage .
I will leave Eshld to you completely. She will be your responsibility. Find out what she is doing. It's time to correct her
You were going to leave...
Okay, okay, just leave.
She's like a ninja. I can't even find her.

I swear that I am go ng

So what s your opn on ?
Sire, is my daughter in your mind ?
Yes !
Reuten Tor s a dangerous person Not only does he want Ramra he wants to un fy the world
If t s hs w ll, he w ll do it Furthermore h s son..who s known to be one of the best warr ors, s n Ramra
I do not want to put Eshld in danger Even though lord Vaida s sk ll as a general s one of the best .the number of Anator a s army exceeds half of the r total popula on
If someth ng happens to Eshld

How about th s s re
We w ll leak false nformat on We w ll put up a fake pr nce ss
And let them know that the pr nce s really ser ous about her
Anatoria wouldn't fall for it. They do know that Eshild is the candidate.
So we w ll use someone reasonable
Whose daughter would be reasonable? To my knowledge no lord s go ng to scar f ce the r daughter
S re I bel eve you have a servant g rl who the pr nce greatly cares

Bii !

# 프린세스 Princess

Doesn't it sound reasonable? You will tell them that the prince's will was too strong and you just had to go with his wish.
Furthmore, the prince will be pleased as well.

For generat ons only nobles who were as powerful as royal blood were allowed to be pr ncesses
Your plan cannot work

My mind that had nothing but love toward the king became empty and
I simply lived meaningless days

The king ... refused to be with the queen ...
If the queen was a little more strong
If the queen had not forgiven everything

About the nursema d Erene

What kind of relat onsh p
do they have with the

Of course I am
not asking what
people already know

So, it was queen Para who spared her life ?
Yes the former king was really angry about his son not wanting to be with queen Para
The former king ordered to kill Erene but it was queen Para well she was a princess back then, who stopped Erene's death I still wonder why
And it was queen Para who searched and brought back Erene to the castle
I know she knew that she was dying and probably wanted best for the king Perhaps the queen did love the king
the queen left the king and king's son to Erene and passed away

Are you saying-
that, if I become the queen, I am going to eventually find Bli and return her to the prince ?
Queen Para should have killed Erene
When the former king wanted to kill her she should have let him
I will never love the prince even if I become the princess
And therefore
I will try to kill Bliat all cost

About Princess

1 Princess is based on a dream I had for 3 days straight I've added contents to the dream and titled it "Princess"

2 Because of my status (well a mom) I couldn't visit proper places to gather information So I had to make an imaginative country to center the plots

3 Some readers asked if "Pry" is short for Princess But nay it is short for Prea

4 Princess is about love stories of three generations Erene's era Bi's era and Prea's era

Thank you

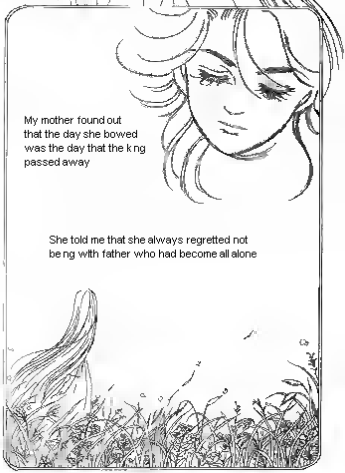
Th s way s where B yon and mother l ve

Byon mother

I am do ng f ne

Vasa told me that she'd
send me back one day

when I grow up more

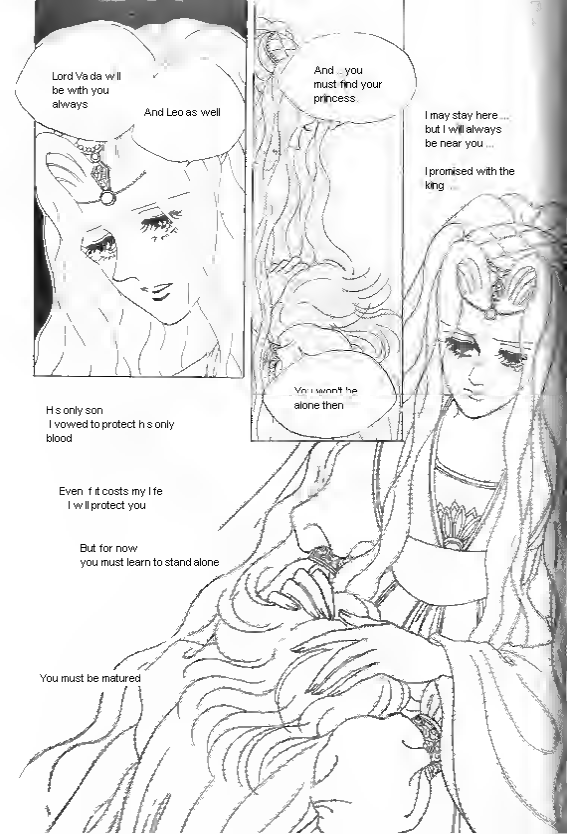


My mother found out
that the day she bowed
was the day that the k ng
passed away

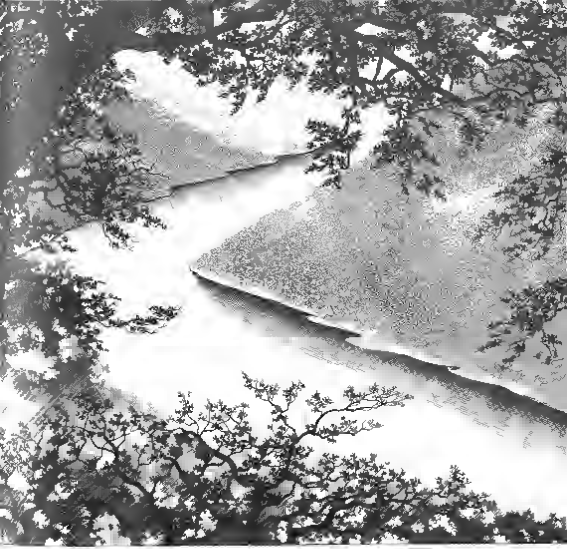
She told me that she always regretted not
be ng w th father who had become all alone

I am back mother
Leo ? You are back. Has the decision been made ?
Father sent me because he hasn't been home for too long.
So it has not been dec ded
It seems the pr me m n ster and father w ll be the regents
Well the prince has no relat ves
If the k ng d dn't tell father that he d count on h m when he passed away
Barder would have stepped forward to be the regent and no one would be able to deny h m
If that happened he d abuse h s powers

Come with me to the main castle, Erene
I must stay here
This will be your last night to stay in the prince's castle.
So that I can take care of your child in the future
Come with me Erene
I don't want to be alone



Lord Vada will be with you always
And Leo as well
And ...you must find your princess
I may stay here ... but I will always be near you ...
I promised with the king ...
You won't be alone then
His only son I vowed to protect his only blood
Even if it costs my life I will protect you
But for now you must learn to stand alone
You must be matured



Bli, don't go far.
Stay near here.

Should I get
a basket of water?
No, no need to
water them today.

You need to have a son to carry on Tor.
I heard you slept with a lot of women. I am surprised that you've picked your wife yet.
And I must say that the women you've slept with are somewhat foolish as well If they had managed to get pregnant they could have begged you to become at least a mistress Are you sure you have no secret child ?
I still have a lot to do
Besides my brides
not yet fully matured
I only want my children from women I want

What is it you wish to discuss?
You are approach ng age of 18

Have you come to rem nd me of my age ?
T me has come and a queen s needed for the country
Royal blood must be secured n order to prevent any m sfortune I bel eve you should make your dec s on now

So, what is your opinion ?
I believe you should you should follow the former king's decision
Father married at age of 22.
At that time, the grand king was alive.
The situation is different at present.
Are we going to spend the whole day discussing this ?
Or should we have lunch together?

That Bill
It s been 5 years of searching for that little girl in this small country!
I heard the king has also been searching for her.
Maybe, she's not in Ramira anymore.
As long as she's alive, he is not going to accept Eshild.
Even if he does find her, should it matter ?
I mean a commoner cannot be a queen.
But she can bear the king's child !

before queen ever gets pregnant
I can feel that this king is different from the previous king. He is ready to do whatever in order to have what he wants !
If Eiii bears the king's son and the king declares the son to be the prince, then it's all over.
Even if she bears a son before Eshild, Eshild's son, if she bears one, will be legitimate.
At the same t me there s a tradit on that older son becomes the crown pr nce Ryodoba blood has short l fe span The k ng could well d e before Esh ld bears any ch ld
Stop it Can't you put Esh ld s feel ngs nto cons derat on? If she doesn't want I am w lling to put th s at any t me

If Eshild does not become the queen, Barder is done for !
The king trusts only Vada
I do not have a son to carry over my name but Vada has five sons
Before the king finds the bitch. I must find her

...you pray that
Bill won't be found
I suppose
But I pray every day
that Bill be found
Your majesty
She's 16 now

Yes, she is
16 now
If she remained
here
She'd be in love
And would be too young to realize
that her dream won't come true
You should choose
your queen
That's what I pray
for everyday
Thanks
The only legitimate
queen of Ramra will
be Bi

The pr me m n ster
s an ambit ous man
If his daughter doesn't become the queen ...,
He may go over the l ne
The l ne ?

Something may happen to me.
So, I guess you should know as well.
!
Something's going on
I think he has been hiring mercenaries
Are you saying he is making his own army?
It's not certain yet
Is that why you've been patrolling outside often?
The king's too young If he had a brother or
www.animes.com

Over here.
You are late today I thought you weren't coming

What ?
D d someth ng
happen ?
Eshild ... !
What is your
true intention for
learning swordsmanship
from me ?!

프린세스
Princess

Leo ?
What
Confess !
You've had me fooled for many years !
Tell me !

Eshild ?
Eshild, are you alright ?
I... hid nothing from you
What has gotten into you ...?

Forget it
Yoy wouldn't tell me even f you knew
Our lesson w ll end as of today
You have noth ng more to learn from me In fact you are a good warr or now If you were a male_ you d make a f ne general

Wait !
I don't want it to end like this !
And I don't want to be accused of something I haven't even done !
accused ?
Perhaps Perpahs you don't know
But should my conern become reality and you draw your sword mean harm to the king
I w ll feel l ke r pp ng off my arms
Ryan Va da you are mplying that I may draw my sword at the k ng ?

Can you take an oath? An oath that you'd use your sword only for the country.
Only to protect the king.
I am going to use my sword for myself.
You may only care about the king and the country but I learned swordsmanship for myself
If there is one person I wouldn't want to draw my sword at is
I'd be you!
I am willing to draw my sword at anyone if that is to protect the king.
